All the above are recognized by medical experts as being caused directly by defects of the eye.

We have had a wide experience in overcoming these troubles with glasses. Hundreds in our city and vicinity will testify to our ability to do so.

Logan Improvement Society

The Logan Improvement Society, at a heavy guarantee, have secured the famous Ellery Italian Band, of 50 players, who will give an afternoon matinee and an evening entertainment at the Logan Opera House on Wednesday of next week, January 13. By this great band having three return dates to Columbus, two of which came five days apart in the first half of this month, this band had four open dates to portion out to other towns near Columbus and the Logan Improvement Society was so fortunate as to secure them for the 13th of this month, Wednesday afternoon and evening of next week. The prices for the afternoon have been put at 20 cents for children of school age, and 35 cents for adults. The evening prices are 60 cents for reserved seats any place in the house and 85c for the gallery. Buy your tickets now, and get them reserved on Tuesday of next week. The Improvement Society has certainly done good work in town and are going forward with it. They built the beautiful park near the Ambrose Hotel and this summer fixed up another pretty spot between the Court House and the James Building. This has thrown them about \$200.00 in debt and they must raise the money some how, and they are giving these entertainments in order to pay their debts and go forward with other improvements.

This is the result of many years courtship of these two popular young people, and two persons more suited to each other perhaps could not be singled out in many years.
